# Access Initiative Next Steps

August 3<sup>rd</sup>, 2004

# PROMOD – Next Steps

---

- Re-run all paths with updated customer/stakeholder feedback
  - Five paths (drop North and East?)
  - Additional lower voltage to South & SW?
  - Sensitivities
    - High / low gas
    - High wind
    - High / low reserves
- Normalized LMP for each Control Area
- Modify West path to correlate to MTEP '04
  - Key transmission element flows

# PROMOD

---

- Deadline for review of input data: August 10<sup>th</sup>, 2004
- ATCLLC will continue to publish:  
([atcllc.com/oasis/Custommer\\_Notices/Access.html](http://atcllc.com/oasis/Custommer_Notices/Access.html))
  - Capacity factors
  - Shadow price of biggest constraints

# Next Steps

---

- Voltage Stability
- Dynamic Stability
- Environmental Review

# Other / Questions?
