Jon Keener
American Transmission Company
801 O'Keefe Road
De Pere, WI 54115

Dear Mr. Keener:

We have reviewed your application for the Cranberry – Conover – Plains electric transmission line project. The permit to place bridges across public waters, and a Sec. 401 water quality certification (WQC) to place fill in wetlands, located in Vilas, Forest, and Florence Counties, is attached.

Your permit lists the conditions that must be followed. A copy of the permit must be posted for reference at the project site. Please read your permit conditions carefully so that you are fully aware of what is expected of you.

Your next step will be to notify me of the date on which you plan to start construction and again after your project is complete. If you have any questions about your permit, please call me at 608.266.3524, or you can email me at Benjamin.Callan@Wisconsin.gov.

Sincerely,

Benjamin Callan
Water Management Specialist
