

# Network Customer Meeting

RECB Update

August 24, 2006

# RECB Update

- RECB I approved in February
  - Covers reliability projects and generator interconnections
- ATC submitted its first RECB revenue requirement (Attachment GG) in June
- Anticipate first RECB distributions from MISO later this year

# ATC's RECB Revenue Requirement

- Based on prospective Attachment O and project information
  - Pre-cert expenses included in Attachment GG fixed charge rate
  - CWIP projects in rate base included in regional project list
- Expected RECB revenues
  - 2006: ~ \$200K
  - 2007: ~ \$9M

# Attachment O Implications

- Network bills will be adjusted on 6/1 for RECB
  - Reduction in ATC bill will coincide with increase in MISO bills
- Anticipate separate true-up for RECB revenue requirement
