

## Grow Smart® Summer Library Program Facebook Posts

Did you know that one out of every three bites of food relies on pollinators? Have some fun at the library this month and learn how to help pollinators thrive in your backyard. #NationalPollinatorsMonth #GrowSmart22 [\[Link to library website\]](#)

Join us in June for #NationalPollinatorsMonth and learn how to help pollinators thrive in your own backyard. We have kids and teen videos, pollinator-themed booklists and activities, as well as live adult webinars hosted by national garden expert @MelindaMyersLLC. #GrowSmart22 [\[Link to library website\]](#)

### Youth programming

It's #NationalPollinatorsMonth. Start your summer off right by learning how to help bees, birds and butterflies in your community! #GrowSmart22 [\[Link to library website\]](#)

From bumble and carpenter and leaf cutter to sweat – there are many types of native bees that help pollinate our food. Visit us on [\[date/time\]](#) to learn more and make a fun bee craft! #NationalPollinatorsMonth #GrowSmart22 [\[Link to library website\]](#)

It's not just honeybees that pollinate our food and flowers. Did you know there are 500 identified species of native bees in Wisconsin? Join us on [\[date/time\]](#) to learn how you can help native bees. #NationalPollinatorsMonth #GrowSmart22

Did you know that wild bees need our help? Learn how to create a habitat to support local bee populations – including building a bee house – on [\[date/time\]](#). #NationalPollinatorsMonth #GrowSmart22

Join us on [\[date/time\]](#) to learn how easy it is to attract pollinators with the easy to grow native annual sunflower. National garden expert @MelindaMyersLLC will share tips for growing and caring for these beautiful summer flowers. #NationalPollinatorsMonth #GrowSmart22

Did you know that sunflowers use math? Come join us on [\[date/time\]](#) to learn about native sunflowers, the Fibonacci spiral and how you can grow your own sunflower. #NationalPollinatorsMonth #GrowSmart22 <http://ow.ly/92bO50IGlpp>

Not all sunflowers tower over us, but all provide food for pollinators and small animals. Learn more at the library on [\[date/time\]](#) and join us for a fun sunflower activity. #NationalPollinatorsMonth #GrowSmart22

Join us on [\[date/time\]](#) to learn how easy it is to attract pollinators with #sunflowers. Register today! [\[Link to library website\]](#) #NationalPollinatorsMonth #GrowSmart22

Reuse it! Did you know you can make a container garden to attract pollinators out of lots of found items? Join us on [\[date/time\]](#) and learn how. #NationalPollinatorsMonth #GrowSmart22

Want to help bees and butterflies but don't have a lot of space? Try a container garden! Join us on [\[date/time\]](#) to learn how and make your own. #NationalPollinatorsMonth #GrowSmart22

Come make a pollinator container garden with us on [date/time]. It doesn't take much room to grow flowers for bees and butterflies. Register today! #GrowSmart22 #NationalPollinatorsMonth [Link to library website]

We love pictures! Share some photos of your pollinator projects. If you post them to social media, please use the hashtag #GrowSmart22.

Adult programming – if hosting at your library, include the room and a link to your website
