

Ambient Adjusted Ratings (AAR) Pilot Program Summary

EMS Data Date:

2/6/2024

SELD Data Date:

2/8/2024

This information is a snapshot in time of lines in ATC's AAR pilot program. As ATC moves toward full compliance with FERC Order 881 (Order) lines may be in the program (listed in this report) and to maintain reliability and compliance, intentionally not calculating AAR at any given time. The Order goes into effect July 12, 2025 at which time transmission providers (for ATC, this is MISO) will be providing visibility to facilities and their ambient adjusted ratings per the transparency requirements of the Order.

Line Number	SELD From Location	SELD To Location
6120	Plains	Big Quinnesec Falls
