

Ambient Adjusted Ratings (AAR) Program Summary

This information is a snapshot in time of facilities in ATC's AAR pilot program which may be adjusted to add or remove facilities at any time. Adjustments are based on factors such as reliability, operational conditions, maintenance activities, data validation, and engineering guidance. ATC retains the discretion to suspend AAR on any facility in the program, whether temporary or permanent, whenever deemed necessary to support safe, reliable, and compliant system operations. While FERC Order 881 requires AAR implementation by July 12, 2025, MISO (ATC's transmission provider) has received an extension to a date no later than December 31, 2028, which now serves as the deadline for full compliance.

Lines in Program

Line Number	SELD From Location	SELD To Location
111	Point Beach	Branch River
1112	Burlington	Tichigan
121	Branch River	Point Beach
13802	Sycamore	Blount
13826	Cardinal	Pleasant View
13856	Cross Country	Fitchburg
13857	Oak Ridge	Fitchburg
13858	Kegonsa	Fitchburg
13875	North Madison 345/138 kV	Cardinal
13877	North Madison 345/138 kV	Yahara River
13898	Pleasant View	Northern Lights
151	Fox River SW YD	Point Beach
16342	Empire	National
1642	Racine	Hayes
1645	Racine	Somers
16504	Everett	Haymarket Square
20341	Maes	City Limits
20MR	Kewaunee	Two Creeks Solar
2221	Pleasant Prairie	Zion
2222	Paris	Zion
2642	Maple	Germantown
26523	White Clay	East Shawano
2661	Germantown	Bark River

Ambient Adjusted Ratings (AAR) Program Summary
